FACT OR FICTION

Most people who are old enough to know better often wish they were young enough not to.

- If we are not ourselves, we shall be less than others.
- A person is more influenced by what they suspect than what they know.
- Growing up means never having to say you're perfect.
- Experience is wonderful. It enables us to recognize a mistake when we make it twice.

ASHRAE ENERGY AWARDS

The ASHRAE Energy Awards recognizes outstanding achievements in the field of energy management. Entrants must be ASHRAE members who played significant roles in the design or development of the energy-conserving aspects of a project. A project must have been in successful operation for at least one year, with actual energy consumption data for those twelve months submitted for evaluation.

Entries to the Society competition must first have been declared winners in an ASHRAE Chapter Competition, followed by winning at the regional level, except in the case of international entries.

Winners of chapter and regional competitions will be the focus of publicity generated at the local level and will receive peer recognition from the presentation of awards at chapter and regional meetings.

If you are interested in participating in a Chapter Energy Award competition, please contact lan Swallow — Energy Management Chairman, phone 452-4126.
