The 1990 - 91 year was an active and productive year for the London Ontario Chapter of ASHRAE.

The main themes for the year were:

1. Chapter Growth
2. Membership Participation

Chapter growth was encouraged by sending Chapter Bulletins to all ASHRAE Society Members within 60 miles of the city. We believe that if this line of communication is kept open, we will attract more members from outside the city limits. We also offer an attractive fee schedule for out of town members who would be unable to attend our regular meetings.

One of the major success stories of the year was the presentation of technical sessions before our regular meetings. These sessions were well attended and well received. They can be geared to present specific information to a specific part of the membership, educating a member in an area that he or she may have an interest.
An on going problem with our Chapter is one of size; we do not have sufficient people to have a chairman and members for our various committees. Since committees consist of only the chairman a career change or transfer, leaves the chapter without that committee. This will continue to be problem for the London Chapter.

Another success story for the London Chapter is a joint trade show with the London & District Construction Association. This show produced revenue of Two Thousand, Three Hundred and Nineteen Dollars ($2,319.00) for the Chapter, allowing us to expand our mailings and send additional members to the CRC.

A first time donation of One Thousand Dollars ($1,000.00) was given to ASHRAE Research from the funds generated by our participation in this show.

This year has been another successful year for the London Chapter and with the present members on the Board of Governors, I see nothing but continued success in the future.

ASHRAE
CHAPTER PROGRAM REPORT
1990/91
LONDON CANADA CHAPTER

The London Chapter attempted to provide a program containing strong technical and local interest to the Chapter members. The summer speaker was supplemented by a ½ hour Technical Session prior to the meeting, which was arranged by the Chair of the Educational Activities Committee.

The following is a summary of our program:

September:  "District Heating & Cooling in London Ontario"
            presented by Derick McCartney of Trigen London District Energy Corp.

October:    "Direct Digital Control - The University of Western Ontario Approach"
            presented by C.K. Korzycki of The University of Western Ontario

November:   "Murder Mystery Night"
            Spousal Event

January:    "Indoor Air Quality"
            presented by Peter Golem of Chorley & Bisset Ltd.
            Technical Session - "Ammonia - A Tool to Respect"

February:   "Where Are We Going With Energy Standards"
            presented by Mr. Bob Young of the Ontario Ministry of Energy
            Technical Session - "Fan Selection and Application"

March:      "Industrial Orientation of Engineering Programs at The University of Western Ontario"
            presented by Dr. R.M. Mathur, Dean, Faculty of Engineering Sciences
            The University of Western Ontario
            Technical Session - "Diffuser Selection"

April:      "What Building Owners and Designers Should Know About ASHRAE Standard 90.1 - Is the Industry Prepared?"
            presented by Tom Tamblyn of Engineering Interface
            Technical Session - "World of Alternative Fuels"

May:        "New Refrigerants - Impact on Compressor Design"
            presented by Mr. Dennis Kozina of Copeland Inc.
            Technical Session - "High Efficiency Electric Motors"

Respectfully presented by Darryl K. Boyce

MEMBERSHIP REPORT

CHAIRMAN - BILL REYNOLDS

As always the Chapter endeavoured to find ways to attract new members.

Two major initiatives were taken:

1. All Society Members within sixty miles of London now receive Monthly Chapter Bulletins.

2. A Membership Night was held at the low price of Ten Dollars ($10.00) (including meal) for guest.

As these initiatives continue we expect to see a steady growth over the next several years.

Dear John:

Now that the ASHRAE year is coming to an end, I wanted to give you an update on the London Chapter Education activities.

In January we started technical sessions which preceded the regular chapter meetings. The topics and speakers were:

January - Ammonia - Mr. Tom Drennan
February - Fan Selection - Mr. Owen Glendon & Darryl Boyce
March - Air Distribution - Mr. Walter Deans

In April a presentation on Alternate Fuels is planned.

I contacted the APEO to discuss Engineering Week and possible ASHRAE involvement. Aside from a dinner meeting, the only event the APEO had planned was a series of displays at White Oaks Mall. During a Board of Governors meeting, we decided not to participate in the mall displays.

Charles Clemanse attended the University of Western Ontario fourth year student presentation on ASHRAE's behalf on March 6, 1991. He will be forwarding a recommendation to me on which student should receive a plaque in recognition of their work.

I have contacted E.J. Scott, the U.W.O. ASHRAE Student President and am planning to meet with her and next year's president in April or May.

If you have any questions, don't hesitate to call.

Yours truly,

RE: ASHRAE
LONDON CHAPTER EDUCATION COMMITTEE

Dear John:

I thought I would drop you a quick note on the ASHRAE Education Committee activities for this year (long overdue, I know).

My attention so far has been focused on the UWO student branch. There are 18 members this year, headed up by a fourth year student named E.J. Scott. One of the upcoming events worth mentioning is a career night on November 20th. On this night, there will be four practicing engineers as speakers. The idea is to give the students an opportunity to find out more about careers in engineering before they graduate.

At the last Board of Governors meeting, you suggested that mini seminars could be held before the monthly meeting. I agree that it is a good idea. I will set something up for the January meeting.

I have been in touch with Charles Cleman to discuss ASHRAE involvement at the secondary school level. I'll keep you informed.

Well, enough for now......

Yours truly,

J. Reid,
ASHRAE London Chapter
Education Committee Chairman.

Attention: Sherry McArthur

Dear Sherry:

Enclosed are student membership applications from the University of Western Ontario. There are a total of 18 applicants, 15 of which have ordered and received the handbook from our consignment order. We now have no books left from this order.

Please process the applications and if you have any questions, call me at (519) 452-6227 or FAX me at (519) 452-6258.

We would like to get another supply of books on consignment. Please forward 30 copies of the "Fundamentals Handbook", IP Edition, to:
