REFRIGERATION NIGHT

Highland Country Club Ltd

279 Commissioners Road East, London, Ontario

Monday, September 26, 1992

Social Hour - 5:30 PM
Dinner - 6:30 PM

Topic: Perspectives on Synthetic Refrigerants for Centrifugal Chillers
Technical Session: Refrigerant Reclaiming and Recycling
Bill O'Callan

Description:

This page contains a report about the Education Committee's work on the School Board. The report mentions the importance of engineering and the desire to provide more opportunities for students to learn about engineering. There is also a mention of a career day at a local school and the need for more volunteers to help with the event.

Michael O'Callan

Description:

This page contains a letter from Michael O'Callan, discussing the importance of education and the need for more funding and resources to support education programs. There is also a mention of the need for more volunteers to help with the education initiatives.

Education Committee Report

Description:

This page contains a report from the Education Committee, discussing the recent meetings and the progress made on various initiatives. The report mentions the need for more volunteers to help with the education programs and the importance of engaging students in learning about engineering.

Membership

Description:

This page contains information about the membership of the Education Committee. There is a list of the current members and a call for more volunteers to join the committee. There is also a mention of the need for more funding to support the education initiatives.

Program

Description:

This page contains information about the program of events for the next meeting of the Education Committee. There is a schedule of activities and a call for volunteers to help with the program.

DEPARTMENT OF DEFENSE

A Research Committee is being formed to study the educational needs of future military personnel. The committee will consist of representatives from all branches of the military and will be chaired by a retired general. The purpose of the committee is to recommend educational programs and courses that will meet the needs of military personnel.

The committee will be responsible for:
- Conducting a survey of the educational needs of military personnel
- Recommending educational programs and courses
- Developing a comprehensive curriculum
- Recommending resources for educational programs

The committee will meet bi-monthly to discuss progress and make recommendations. The interim report will be presented to the Department of Defense in six months.

Members of the committee should have experience in educational programs and have knowledge of the military.

If you are interested in serving on the committee, please contact the Department of Defense at (555) 123-4567.
