MEMBERSHIP ROSTER

We are working on the new 84-85 Membership Roster. Please review your 83-84 Roster. If you would like changes made to any information or if you would like your home phone added, please contact Don Johnson as soon as possible.

STUDENTS NIGHT

Peter Golem has lined us up with two very good speakers and good topics. The first speaker is:

BARBRA FARLOW and her topic is "Heatloss Reduction Potential for St. Peter's Basilica".

The second speaker is:

PHILIP PETSINIS and his topic is "Development of Vermiculite Injection System for Insulation of Wall Cavities".

FIELD TRIP — April 30th, 1984

Our yearly Field Trip will be to The University of Western Ontario's Wind Tunnel. We will also dine at one of the University's facilities. More information will be made available, including a map and direction in the April Newsletter.

Please make plans to attend and mark this on your calendar.

TABLE TOP DISPLAYS

May we remind all members that you now have the opportunity to present a new product of technical data in the form of a table top display at any meeting. Any person presenting such a display will be given five minutes during the meeting to outline the display. This is an excellent opportunity to inform and update our industry so lets make use of it. We want such a display for each of our meetings. Anyone interested please contact our Technical Chairman, L. Swallow.

NIAGARA-ON-THE-LAKE — 1984 C.R.C.

CRC will happen May 16, 17 and 18th. This is almost in our own backyard, so we all try to make plans and attend. Room reservations should be made as soon as possible through:

Room Reservations
Prince of Wales Hotel
6 Picton Street
Niagara-on-the-Lake
Ontario L0S 1J0

PLEASE NOTE:

In last month's Newsletter we welcomed Charles Clemance as a new Chapter Member. Please note that the name should be "Clemance" and not "Clemence".

BUSINESS CARDS

There are only two Newsletters left this year. Let's see some business cards.

EDITOR'S QUOTE OF THE MONTH
