MEMBERSHIP NIGHT

This is the one special night each year that we vigorously promote new membership in our Chapter. The Board of Governors does this on a continual basis all year, but this is the night that we ask our Active Members to please bring a guest to the Meeting. I'm sure we all know of someone, who, once introduced to ASHRAE, might become a useful Active Member. Please let your Telephone Committee know that you are bringing a guest when they call.

1980 SYSTEMS HANDBOOK

Len Swallow, who leads up the Refrigeration Program at Fanshawe College is looking for donations of the 1980 ASHRAE Systems Handbook for use by the students. We all have the 1984 Systems Handbook sitting on our book shelves looking real smart and if we all donated our 1980 book to Fanshawe College we would have room on the shelf for next year's 1985 book. So please bring your 1980 Systems Book to the Meeting for Len Swallow. Thank you.

APOLOGIES

The Program Chairman apologizes for last month's speaker. We really do try to bring you the best in technical talks and speakers, but sometimes things go bad and what should have been a great technical talk turned out to be a sales pitch. Sorry about that.

TREASURER'S REPORT

Peter Golem asks that we all please send in our monies as soon as possible so that we can continue to meet our expenditures. To those that have, we thank you, and that all others please do.

THOUGHTS

Imagination was given to man to compensate him for what he is not and a sense of humor to console him for what he is.
