Members are reminded that the Winter Meeting is in Chicago, January 27-30.

## THIS MONTH'S PROGRAM

The topic "Moisture and Condensation Control in Buildings with High Latent Heat and Moisture Loads" will be presented by Tom Kilmer of Indusco Sales Limited. Tom is a P.Eng. who graduated from Waterloo in 1972 with a Degree in Mechanical Engineering. Since 1975 he has been a partner in Indusco Sales promoting energy conservation equipment including heat recovery units and dehumidifiers.

Tom is actively involved with ASHRAE and is currently serving on the Board of Governors in the Toronto Chapter.

Tom will start the evening with a short movie titled "The Forgotten Fundamentals of the Energy Crises". I have seen the movie myself at last year's CRC and highly recommend that you do not miss it!

## THOUGHTS ON THE BUSINESS OF LIFE

*If nothing seems to be going right for you, remember the fable of what happened when the Lord, moved by ceaseless complaining, summoned all the people and told them to throw their troubles in one heap. Each one was told to pick out the lightest he could find, and, to the very last man, every one selected his own trouble!*

—B.C. FORBES
