## MEMBERSHIP IN ASHRAE

Membership in ASHRAE is an indication of stature and professional consciousness. No truly professional engineer or technician can avoid the obligation of making a personal contribution to his/her chosen field of endeavor. Each person's professional advancement is made possible by the fund of knowledge and experience left by others. It is your duty to add to this fund....according to your individual ability.

Whether your particular interest is research development, production, application, technical service, sales and marketing, or executive, YOUR professional advancement will be enhanced by membership in ASHRAE and active participation in its activities. The many professional benefits which are available through ASHRAE are made possible by the voluntary, cooperative efforts of the members. Through active participation in Society affairs, members develop their professional abilities, contribute to existing technical knowledge, find new approaches to old problems, aid in engineering education, and find opportunities and stimuli for growth.

#### RETIREMENT PARTY

Cliff Morrison announced at last month's meeting that he was retiring after a successful career with Johnson Controls. One may speculate, that after two weeks and no one organized a retirement party, Cliff took matters into his own hands and has announced he will host his own retirement party. It will be held at the Highland Golf and Country Club at around 8:30 p.m. with wives/girlfriends attending. Cliff will be selling tickets to all his friends at our meeting on Monday. When Mr. Morrison was asked why he was selling his own tickets, he replied "I can buy myself a really nice gift and if there is any money left over, then maybe I can spring for some sandwiches for my friends." The cost is \$10.00 per ticket and tickets are available from Cliff, Greg James or you can call Judy Sessions at Johnson Controls, 681-1221.

#### LADIES NIGHT

Next month is Ladies Night and will be held at the London Regional Art Gallery. Social hour will be at 6:30 with a cash bar and dinner at 7:30. Dinner will be hosted by Friars II. Our guest speaker will be DeBrand Esterbrook, an artist who's work will be on display. Afterwards we will have a tour of the Gallery. The cost will be \$25.00 per couple for members and \$35.00 per couple for non-members and out-of-town members. More information will appear in next month's Newsletter.
