TOPIC

An Energy Rating System For Detached Single Family Residences

ASHRAE Energy Awards

The ASHRAE Energy Awards recognizes outstanding achievements in the field of energy management. Entrants must be ASHRAE members who played significant roles in the design or development of the energy-conserving aspects of a project. A project must have been in successful operation for at least one year, with actual energy consumption data for those twelve months submitted for evaluation.

Entries to the Society competition must first have been declared winners in an ASHRAE Chapter Competition, followed by winning at the regional level, except in the case of international entries.

Winners of chapter and regional competitions will be the focus of publicity generated at the local level and will receive peer recognition from the presentation of awards at chapter and regional meetings.

If you are interested in participating in a Chapter Energy Award competition, please contact Greg James — Energy Management Chairman, phone 681-1221.

TABLE TOP DISPLAYS

May we remind all members that you now have the opportunity to present a new product or technical data in the form of a table top display at any meeting. Any person presenting such a display will be given five minutes during the meeting to outline the display. This is an excellent opportunity to inform and update our industry so lets make use of it. We want such a display for each meeting. Anyone interested, please contact our Technical Chairman, Norm Clarke, phone 439-9281.

President's message committed to videotape

The many ways in which ASHRAE is committed to serve will be reviewed in a videotape at this month's meeting. The Society's 1985-86 President Donald R. Bahnfleth describes ASHRAE's commitment to standards, research and continuing education. The message was taped at Society headquarters in Atlanta, research laboratories at the Georgia Institute of Technology, and an Atlanta hospital. Also featured is ASHRAE Fellow Dr. Lois Graham, who is designing programs to increase membership and participation of women and minorities in the Society. In less than 10 minutes, the tape presents the entire thrust for the coming year. It will be used to inform chapter members of the 1985-86 program and as a vehicle to inform other organizations of the Society's purpose and activities.

CRC - 1986

The Chapter Regional Conference for Region II will be held at Niagara Falls, May 15, 16 & 17 and will be hosted by our friends in the Hamilton Chapter.

CRC - 1988

The Chapter Regional Conference for Region II will be held here in London and hosted by our Chapter. Peter Golem is the Committee Chairman for this event and will be providing us with more information throughout the coming year.
