RESEARCH NIGHT

Highland Golf & Country Club

279 Commissioners Rd. E., London, Ontario

Monday, January 26th, 1987

Social Hour — 5:30

Dinner — 6:30

GUEST SPEAKER

R. L. (Dick) Carey
R. J. (Ron) Brintnell
D. R. (Dan) Jones

Union Gas Limited, Chatham

JANUARY MEETING TOPIC

TITLE: Update on Natural Gas Technologies for Commercial and Residential Applications

SUMMARY:

Representatives of the Energy Utilization and Development Department, Union Gas Limited, Chatham, will present an Update on Natural Gas Technologies for Commercial and Residential Applications. This presentation will cover the R & D program at Gas Research Institute (GRI), market-ready developments for multi-unit residential buildings, and a status report on semi-rigid tubing as an alternative to steel pipe for interior gas piping. GRI topics will include engine driven chillers, large scale dessicant dehumidification, the gas heat pump, and the triple integrated appliance.

JANUARY MEETING TABLE-TOP DISPLAY:

Lloyd Algie will be attending to tell us about the Conserval Solar Wall Makeup Air Heating System.

FEBRUARY MEETING SPEAKER:

Our February meeting speaker will be Jerome Kurz, representing Kurz Instruments of California. His topic will be Electronic Airflow Measurement. He will be discussing the accuracy of electronic airflow measurement equipment versus the static pressure and velocity pressure methods.

MARCH MEETING SPEAKER:

The March speaker is, as yet, unconfirmed. As well as our technical speaker, we will be recognizing the top Fourth Year U.W.O. Engineering thesis in our field.

APRIL MEETING SPEAKER:

Jim Pyper of Chilcon will be our April speaker. His topic will be related to the design of water chillers.

CRC 1987:

The 1987 Chapter's Regional Conference will be held in Chicoutimi, Quebec, and hosted by the Saguenay-Lac St. Jean Chapter. The dates are 13, 14 and 15 of May.

CRC 1988:

Your Board of Governors is accelerating its planning of CRC 1988, scheduled for London in May of next year. The conference will involve at least 15 events over three days. There should be 100 or more attendees. It will take all of our collective efforts to plan and operate the conference successfully.

The bulk of the planning and budgeting will take place over the next 2 or 3 months. It will take a regiment to organize the event and an army to operate it. We will be looking for commitments from all of you during the period.

WINTER MEETING - NEW YORK:

There are reports that several of our members are attending the ASHRAE Winter Meeting in New York this month. We look forward to reports and impressions from these people.

SUMMER MEETING - NASHVILLE:

So, you couldn't get away to New York in January? Nashville in June is your next opportunity. It might be a nice event to plan around your Spring vacation.
