Opening Night Program

Our speaker this month comes to us from Engineered Fire Safety in Montreal. Mr. Curl is known throughout North America for his work as a fire protection specialist.

October Meeting - October 26

Tentative plans for the October meeting are to have a field trip to the Tillsonburg Hospital. Tillsonburg Hospital has recently completed installation of an innovative boiler economizer. It is a direct contact condensing device. The project was partially funded by the Ministry of Energy. Representatives from the Hospital, the Ministry of Energy and the economizer developer are all willing to meet with us. More details will follow.

Chapter Membership

The Board of Governors voted to raise the Annual Fees by \$10.00 to cover rising meal costs. It's still a bargoen! After much discussion, they also voted to reduce student meal fees. Following is the 1987-88 fee schedule:

ANNUAL DUES:

Full Member	\$110.00 meals included
Out-of-town Members	\$ 20.00 plus \$15.00 per meal
Student Members	\$ 20.00 plus \$7.50 per meal
Guests	\$ 15.00 per meal

Early payment of Dues is greatly appreciated.

Speakers

Speakers for our meetings are hard to find; good speakers are very hard to find. Our general membership of more than 50 could assist Charles Clemance by advising him of anyone who might be persuaded to address our group. Suggestions for topics would also be most welcome.

Membership Activity

The primary function of the newsletter is to remind the local membership of upcoming meetings and to announce the speaker. However, it also should report on activity of the membership. Whenever one of our members speaks as a professional to an interest group or participates in seminars or training sessions, the London Chapter receives "points". They contribute to Atlanta's overall evaluation of the chapter. Call Deb at 657-1010 to report your involvement in any professional activity.
