November Meeting:

The meeting on Monday November 23rd will be a special event, sponsored in conjunction with four affiliated groups. We have worked with representatives from local chapters of IFMA, OAA, AATO and CSC to plan a joint meeting where we can mingle with other local organizations involved with building technology.

SOMERS ENVIRONMENTAL PRODUCTS INC.

Daryl Somers, C.E.T.

39-4 West Graham Place
London, Ontario N6P 1G3

The featured speaker will be Prof. Bill Fyfe. Bill has spent the past 25 years associated with the Science Faculty at the University of Western Ontario. He is a widely known authority on ecology, environment technology and society. Dr. Fyfe will no doubt have some provocative thoughts for us on November 23rd.

Mark McClenaghan, C.E.T.
Building Control Representative

President's Message:

With the coming of September, the summer pretty well over and kids back to school, signals the start of a new ASHRAE year for the London Chapter. Over the summer your executive council has been hard at work organizing for the upcoming year. Our Program committee under Jim Cooper is well on the way to finalizing this years list of speakers. Of particular note is the November 23rd joint meeting with local chapters of OAA, AATO, IFMA, and CSC. Refer to the more detailed note on this joint meeting elsewhere in this newsletter.

Norm Clarke, P. Eng.

Fax: 519-453-3024

Windsor Tel: 519-256-7922 - Sarnia Tel: 519-387-0740

Also please note that the September meeting is being held a a different location: Tuesday September 29th at the West Haven Golf and Country Club located on Highway #22 a mile west of Hyde Park Road. We thought a change of date and venue would add variety to our meetings and from time to time we may look at something similar. Also this months Tuesday date may allow more people to attend as Monday night often conflicted with other activities. Steak and ceaser salad are on this months menu. So why not invite someone out who is not an ASHRAE regular. Just about everybody will be affected by the Y2K issue and I'm sure it will be of interest to all.
