2025-2026 Chapter President's Message

To ASHRAE London Chapter Members,

To introduce myself – I am Aaron Hampel, your ASHRAE London Chapter President for 2025/2026. I have been working in this industry since 2016 and have been involved with our chapter since 2018, working alongside the London Chapter Board of Governors (BOG). My hope is this year our chapter members will build strong relationships across the community, engaging in interesting topics with fantastic speakers.

The theme for the 2025-26 ASHRAE Society Year is "Healthy Buildings: Designing for Life." We are hoping, as a chapter, to achieve this goal by having our member organizations see a worthwhile investment in sending people out to our monthly meetings. We want to ensure that our industry has a sustainable future by investing in our members' continued success in this industry.

We have committed BOG volunteers who share the same goal of growing the chapter by providing value to our members. We aim to build on the success of last year by hosting many of our events at similar venues, giving everyone time to connect and share ideas. Everything the chapter decides to do is based on your feedback, so please share your insight! This is your local chapter, and our priority is providing value to our local members.

We wish to thank all donors to our previous year's research promotion campaign. We will communicate how these funds are being allocated and will advocate for your donations to be spent towards projects important to the chapter. Support for this calendar year is appreciated, and donations can be made through the link on our chapter website. If any members are interested in volunteering for the chapter, please contact me at aaronhampel@prestonhipps.com to join our team!

Regards,

Aaron Hampel

Professional Development

Need hours for your professional development requirements? Be sure to attend a chapter meeting. Professional Engineers Ontario requires members to have yearly professional development training recorded through the Practice Evaluation and Knowledge (PEAK) program. Other groups may also require continuing education.

Chapter Upcoming Meetings

January 26th – *Creating an underground Research Facility to Explore the Universe*

Speaker: Darryl Boyce, P.Eng.

Location: Grand Theatre, , 471 Richmond St., London

January 31st - Feb 4th – ASHRAE Winter Conference

Location: Las Vegas, Nevada

February 2nd - 4th – AHR Expo

Location: Las Vegas, Nevada

February 23rd – *Low GWP Air Source Heat Pump Water Heaters*
Single Pass and Multi Pass Systems

Speaker: Gary Chang, P.Eng., CEM

Location: TDB

ASHRAE RESEARCH

Hello ASHRAE London Members,

A big thank you to all of our annual sponsors who have helped us kick off the year at a record pace! Thanks to 12 local annual sponsors, we've already raised **\$1,950** toward **ASHRAE Research Promotion** - an incredible start toward our chapter goal of **\$10,390**.

We're excited to introduce this year's sponsorship opportunity for Chapter Members. A portion of every sponsorship goes directly to support ASHRAE Research Promotion, and we're thrilled to already be off and running thanks to your generosity.

Each month, sponsors and donors will be recognized in our chapter newsletter and on the ASHRAE London Canada Chapter website. To donate online please visit: <http://www.ashrae.com/donate>

Current Donors:

ACP HVAC Supply	Mits Air
Ainsworth	O'Dell HVAC Group
Engineered Air	System Air
EH Price	Trane Canada
HTS London	Victaulic
Johnson Controls	WMC Water Management
The Master Group	

\$1,950 RAISED

**GOAL
\$10,390**

<u>Contribution Levels</u>	<u>Individual</u>	<u>Company</u>
Honour Roll	\$150 +	\$500 +
Major Donor (Bronze)	\$250 - \$999	\$500 - \$999
Major Donor (Silver)	\$1000 - \$2,499	\$1000 - \$2,499

As always, donations can be made through the link on our chapter website, or feel free to reach out to Tom Deslippe at tommy.deslippe@gmail.com to assist with the process. Let's keep the momentum going!

Previous Meeting: November Chapter Meeting

Tim Boyd, PE, Regional Vice President from GPS Air, Charlotte, NC from visited and spoke on ventilation requirements and the methods within ASHRAE 62.1. Tim reviewed the basic history of the standard and requirements and then did a quick overview of the Ventilation Rate Procedure (VRP) which is a prescriptive design procedure, and the Indoor Air Quality Procedure (IAQP) that is a more engineered approach. The IAQP can allow a reduction of outdoor air to save cooling and heating loads and equipment sizes when there is equipment that will "treat" the air to reduce the levels of compounds/contamination in the air being delivered to occupied spaces.

A copy of the presentation can be found [here](#), on the ASHRAE London Canada Chapter web site.

Also, Western Engineering Student Alumni, Joey Hodes and Travis Cotterill presented The 2026 Great Northern Concrete Toboggan Race (GNCTR) being hosted in London by Western University Engineering. Sponsors, judges and volunteers are needed on Feb 4 to 8, 2026.

A copy of the presentation can be found [here](#) on the ASHRAE London Canada Chapter web site.

Also see [here](#) for more info and to sign up as a sponsor or volunteer:

New ASHRAE Certification Study Guide

Now available in the ASHRAE Bookstore

The NEW **Certification Study Guide: Building Commissioning Professional (BCxP)** joins the growing suite of ASHRAE Certification tools to help you reach your professional goals.

Looking for something else? Also available are the **Certification Study Guides for Certified HVAC Designer (CHD)** and **Building Energy Modeling Professional (BEMP)**.

Tune-in to the ASHRAE Journal Podcast

Tune into conversations between leading ASHRAE experts as they discuss what HVAC engineers need to know to design better systems and grow the HVAC&R industry. Available on all podcast platforms.
